THE BEST THINGS COME UP FROM BELOW.

VIVA

True wellness comes from deep down. VIVA proves this is tinglingly true.

JetStream VIVA

The constant stream that spurts unceasingly from the depths of your world of pleasure is a source of fascination for young and old.

FOR YOUR WHOLE BODY.

VIVA: the name says it all. VIVA is a five-hole nozzle that is fitted almost flush with the floor of your swimming pool thanks to its minimal installation height. With the revitalizing force of five nozzles, it massages your body all over from your feet upwards. You are wrapped in a powerful, tingling, upward stream, which simultaneously relaxes you, invigorates you, and soothes away your day-to-day tribulations. VIVA gives you the feeling that you have escaped the force of gravity and time. In short: VIVA means wellness, pure and simple.
