RENOLIT ALKORPLAN TOUCH reinforced membrane reproduces natural textures and gives personality and character to pool linings, making them unique and original.

It's the pool liner revolution!

Elegance

RENOLIT ALKORPLAN TOUCH

Are you aware of
RENOLIT ALKORPLAN TOUCH?

The reinforced membrane **RENOLIT ALKORPLAN TOUCH** fulfills the two fundamental objectives of a swimming pool:

- 1 Assure a completely watertight structure.
- 2 The most beautiful finish possible.

The reinforced membrane is the most visible element and will make your pool absolutely unique and exclusive.

RENOLIT ALKORPLAN TOUCH protects your garden and home against possible flooding by pool water. Even if the substructure is cracked, the water will always remain where it should be ... in the pool.

In addition, the relief designs of **RENOLIT ALKORPLAN TOUCH** give character to any pool and allow you to create a unique and individual space in your garden.

Elegance

RENOLIT ALKORPLAN TOUCH

Reinforced liner with exclusive 3D designs and prints, inspired by nature

You will turn your home into a haven of design and character

RENOLIT ALKORPLAN TOUCH is the first reinforced membrane with a heavily riven stone finish. At 2mm thick it is the strongest and most resistant liner in the market. The imaginative design of the liner makes it the most appropriate element for adding a personal note to your pool and making your home a unique place. The TOUCH liners emulate nature through adding a simulated stone finish to exotic baths, adding personality and singularity to the pools in which they are used, making each pool unique.

You will have a unique and exclusive pool!
