## Gyro technology

This smart navigation system will ensure your pool is thoroughly cleaned every time. It avoids all types of obstacles and has a tangle-free power cable.

## Two motors

All H DUO cleaners have two drive motors and one suction motor that improve performance, power and turning radius.

## Remote control app

### Three-dimensional filters

They come with a new ultrafine 3D filter as a standard feature.

### LED indicator

The LED indicator shows when the filter is full.

### Easy view

The transparent windows make it easy to see the level of dirt.

### Easy open

The filters are easy to reach from the top of the cleaner.

### Clean hands

There is no need to come into contact with the dirt to clean the filter.

### PVA brushes

The best quality for a better grip.

### Vibrating brush

An extra powerful brush for a deeper clean.

### Adjustable suction nozzles

Greater suction.

### TECHNOLOGY
